## Many Cases--Few Failures, Many Cures.

Probably no other ailment has received as much attention from scientists as has Rheumatism. Thousands suffer from Rheumatism where other diseases can claim only hundreds.

It attacks the rich and the poor, the fat and the lean, the young and the old, the robust and the frail, the strong man and the weak woman.

Some cases baffle the skill of the most scientific practitioners. One treatment will cure four cases, and fail utterly on the fifth. No one can honestly promise that any one remedy will cure all cases of Rheumatism. In this store we have calls for and sell scores of remedies for Rheumatism. We have watched results in many cases and because of what we have seen them do we recommend DIKE'S RHEUMATIC COMPOUND for internal treatment and DIKE'S RHEUMATIC LINIMENT for temporary relief for the intense pain. Come here for all Dike Preparations.

### From Sunny Florida.

Tampa, Fla., Feb. 15, 1913.

Friend Jim:

We have now been one week in Tampa and intend to start for home tomorrow, but will stop at St. Augustine, Fla., and Chattanooga, Tenn., on our way back, so it will be about ten days from this writing before we show up at Yale.

We have found this a wonderful country in many ways.

This month here is Michigan's June. It was like jumping from midwinter into midsummer. We left snow, ice and chilly winds, to find here blossoming flowers, singing birds and softly whispering breezes.

Truly this is the land of perpetual summer. Although the summers are a little warmer than the winters, it is claimed by all who have lived here that when one has passed a winter here he notices but little difference.

All kinds of plants, shrubs and trees grow the year round. Peach trees mature or begin bearing at the end of one year, if they are properly cared for. We have visited Alfred and Ira Goheen, stayed one whole day with them and had two of the best meals we have enjoyed since leaving Michigan. Some of the items in the bill of fare for dinner were sweet potatoes, cabbage, beets, green onions, ripe tomatoes and fresh strawberries, all out of the Goheen garden.

A basket of luscious oranges sat on a stand for us to help ourselves as we desired.

Alfred Goheen has a very fine lot of about six acres, all cleared and in citrus fruits and truck. Five acres of land properly cultivated here is equal to forty acres in Michigan. The finest and most valuable grape fruit grove in this vicinity contains only 3 1/2 acres. One man can hardly handle five acres alone.

Besides this lot Alfred has a comfortable home right at Lutz, which is the railroad name for the place which the land company calls North Tampa. We also saw Jim Mann who has a nice lumber yard at Lutz and is doing well. These three families from Yale are all very comfortable situated, happy and contented. All express themselves as in love with the country and having no intention of returning permanently to Michigan.

We neglected to state that Ira and Alfred Goheen have each a fine tract of land a short distance north of Lutz which they will soon begin to clear. G. H. Nims has a fine ten acre tract near them which we also visited and walked over.

We have learned many things about this country that we never knew or understood and have unlearned many things formerly acquired by wrong information. We shall be pleased to give any and all who desire the same, the benefit of our investigations, when we arrive in Yale.

Yours truly,

E. H. DRAKE,  
E. F. PRATT,  
LOWELL MONROE.

### Eighty-fourth Birthday.

Thursday, February 13, was the 84th birthday of Mrs. Caroline Holden and the occasion was pleasantly celebrated at the home of Mr. and Mrs. John Holden with whom she lives, by a dinner, with Mrs. Emma Rapley and Mrs. Sarah Holden, sisters of Mrs. Caroline Holden and a few other relatives, as guests.

The three sisters, all living in Yale, thoroughly enjoyed the hours spent together in conversation and social chat. Mrs. Holden was the recipient of a postcard shower, from relatives and friends far and near. The number of cards came up to at one hundred and fifty.

Card of Appreciation.

The Editor, Expositor.

My Dear Sir:

Since coming to Yale more than one wise man and woman has assured me that Yale is not a church going town.

After nearly a year's residence it is a pleasure to believe that they were mistaken.

For two months past my good people and I have been doing what we could to stimulate interest in some vital questions of religious thought and life, and this is written in grateful appreciation that interest has grown until, upon some occasions almost the last chair has been brought into requisition to accommodate the congregations that have attended them.

Through your columns I beg to thank the good folks of our pretty little city for their kindness and helpfulness in these matters, and to add that (D. V.) a new series of efforts will be begun on Sabbath March 2 to continue through the month of April. Subjects and thought outlines will be announced a little later.

Gratefully yours,

Hamilton David Hunter.

### FIRST PRESBYTERIAN CHURCH

Please read this through—This invites you to attend the First Presbyterian church next Sabbath the 23rd ultimo. The program both morning and evening will be of more than ordinary interest. Note the special sermon subjects and line of thought.

Morning (10:30). "Deeds and Do-Notings"—some tonic thoughts for all of us. Outline—Shakespeare, when faith is paralyzed, an hour in naval observatory, too comfortable, rotting from the top, at Marr's bill.

Evening (7:30). "The Loss of Life's Romance." Outline—A tragedy, brooks that run dry, a plea for a little less grind. Wadsworth's picture, crickets grumblers, newspapers, bewitching landscapes, keep sweet and sunny.

Dr. Hunter feels profoundly grateful to the good people of Yale for the splendid congregations that have attended these meetings and announces that another series will be begun all being well on Sabbath the 2nd of March. For particulars please consult next week's paper.

Bible school and men's bible class will meet at high noon. Last Sabbath broke the record—let us push the figures up a half dozen more notches.

A very cordial welcome awaits all who may come. Kindly be on time. Good music at both hours—don't miss it.

The servant and Lord come on the same day and strangely enough Pierson takes the one for the other. Plainfield, N. J., April 28.—It became known today that two laborers employed in cutting a street through the farm of United States Senator Martine, known as the Cedar Brook farm, near here, found yesterday a tin can that contained \$1,000 in greenbacks.

If that \$1,000 had been on deposit in our bank for ten years it would be worth today nearly \$1,500.
